Chapters may recommend a member for termination should she refuse to sign a housing agreement or move into the Alpha Phi Chapter Facility and refuse to resign her membership.

I. All chapters will have a housing occupancy plan that outlines which members, in which order, will be chosen to live in the Alpha Phi Chapter Facility to ensure that the facility is full at all times. The plan will be approved by the chapter and the Chapter Advisor.

II. When an Alpha Phi Chapter Facility is full and a member chooses to move out, she may do so without penalty if there is another member to take her place, subject to the approval of the Chapter Advisor.

II. If a full-time student who is a graduate student, or has completed four (4) academic years, wishes to remain affiliated with her collegiate chapter, such affiliation must be approved by both a majority vote of the chapter’s Executive Council and by the Chapter Advisor. B. UNINITIATED

Women who have been invited to membership and have accepted the invitation to join, but have not yet been initiated, will be regarded as uninitiated members.

b. An uninitiated membership will be binding upon the chapter for one (1) calendar year from the date of pledging unless:

1. The uninitiated member is initiated before that date;

2. The uninitiated membership is broken by Alpha Phi, the chapter or the uninitiated member herself before that date;

3. The uninitiated membership must be extended by those chapters who are required by local Panhellenic rules to initiate in the sophomore year or by those chapters who have not had the opportunity to initiate members who have met the requirements for initiation; and

4. The uninitiated member transfers to another college or university.

III. Re-pledging

a. Expired Uninitiated Memberships

Unless in conflict with university or college administrative requirements, a woman whose uninitiated membership has expired for failure to meet initiation requirements may be re-pledged only when such initiation requirements have been met and upon
three-fourths (3/4) affirmative vote of the chapter and with the approval of the 
Chapter Advisor. She must pay the new member fee and may be initiated at any time 
thereafter at the discretion of the chapter.

b. Broken Uninitiated Memberships

A woman who has had her uninitiated membership broken by the chapter, or has 
broken her uninitiated membership herself, may not be asked to join any other NPC 
fraternity on the same campus for one (1) calendar year from the date she was 
originally pledged. However, she may be re-pledged by the same fraternity chapter at 
any time within that calendar year.

1. An uninitiated member whose membership was broken by the chapter or herself 
may be re-pledged by her original chapter only upon the three-fourths (3/4) 
affirmative vote of that chapter and with the approval of the Chapter Advisor. She 
must pay the new member fee and will be considered in every way a new uninitiated member.

2. An uninitiated member whose membership was broken by the chapter or herself 
may be re-pledged by another chapter of Alpha Phi only upon the three-fourths 
(3/4) affirmative vote of that chapter after information has been received from her 
original chapter and with the approval of the Chapter Advisor. She must pay the 
new member fee and will be considered in every way a new uninitiated member.

3. A woman who has had her uninitiated membership broken by Alpha Phi may not 
be re-pledged to any chapter of Alpha Phi.

a. An uninitiated membership cannot be transferred from one chapter of Alpha Phi to 
another.

b. If an uninitiated member transfers to a college where there is a chapter of Alpha Phi 
before the end of the calendar year from the date she was pledged, she may be 
pledged by that chapter, providing the chapter so desires and the local Panhellenic 
rules permit, at any time during the calendar year upon the three-fourths (3/4) 
affirmative vote of the chapter after information has been received from her original 
chapter. She must pay the new member fee and will be considered in every way an uninitiated member. Her uninitiated membership will be binding for one (1) calendar 
year from the date she was pledged to the new chapter.

V. Requirements for Initiation

An uninitiated member will qualify for initiation when she has met the following 
requirements:

a. She accepts the lifetime commitment, responsibilities and obligations of membership 
in Alpha Phi.

b. She has participated in and successfully completed a program of new member 
education unless otherwise authorized by the Chapter Advisor.

initiated members. There will be three (3) classifications of initiated membership. Affiliated, 
Unaffiliated, and Associate.
I. Affiliated

Members who are attending college and are participating in a collegiate chapter will be regarded as affiliated collegiate members. No affiliated collegiate member will be a member of an alumnae chapter or have the right to vote therein.

II. Unaffiliated

a. Members who are attending college but are not affiliated with a collegiate chapter will be regarded as unaffiliated. Reasons for unaffiliated status are as follows:

b. Members who temporarily leave college for reasons such as travel, health, or finance will be regarded as unaffiliated collegiate members until their natural collegiate graduation date, upon which time they will be designated alumnae status.

III. Associate

Members who are prevented from active participation in collegiate chapter affairs for extraordinary reasons and who have petitioned for, and been granted, associate collegiate membership by the approval of the Chapter Advisor will be regarded as associate collegiate members.

a. Petitioning for Associate Collegiate Membership

1. Unless otherwise authorized by the Chapter Advisor, only members who have completed at least two (2) semesters, two (2) trimesters, or three (3) quarters as initiated collegiate members will be eligible to petition for associate collegiate membership.

2. Any member wishing to obtain associate membership must send a written, signed petition to the Chapter Advisor stating the reasons for her request and the areas in which she feels she can no longer participate.

3. All financial obligations must be current to the date of the petition.

4. If the petition is granted, the Chapter Advisor will notify the member in writing of the terms of her associate status and inform the chapter of such action.

5. Associate collegiate membership will be granted for one (1) semester, one (1) trimester, or one (1) quarter only. If the member is still enrolled at the same college in successive semesters, trimesters, or quarters and desires to continue as an associate collegiate member, she must submit a petition each successive term.

b. Responsibilities of Associate Collegiate Members

1. All associate collegiate members will continue to give maximum possible support to their chapters.

2. All associate collegiate members must continue their house bond payments on schedule until paid in full.

3. All associate collegiate members must pay their annual International Dues.
Article II: Members

a. The chapter should adopt the following “Fraternity Raid Policy”: “We define a raid as any forcible entry into our house whether the intentions are peaceful or destructive. If such an event occurs, Alpha Phi will, without question, submit a formal complaint to the Interfraternity Council, Panhellenic, the University Administration and, if necessary, the local police about the fraternity involved. The entire chapter should be informed of policy, so the above action need never be executed. We, in turn, will also abide by the policy with respect to fraternity rights.”

b. The Chapter President should notify all individual Greek groups on campus, Panhellenic, Interfraternity Council and the University Administration of the policy, enclosing a copy of the adopted policy.

O. DISCIPLINE OF COLLEGIATE CHAPTERS
I. A collegiate chapter will be subject to disciplinary action for:

a. Conduct that contributes in any manner to the impairment of the welfare or good name of Alpha Phi by failing to support and properly maintain the standard of conduct befitting a chapter of Alpha Phi;

b. Violation of, or failure to abide by the Constitution and the P&P or Alpha Phi’s Ritual;

c. Failure to cooperate with official representatives of Alpha Phi;

d. Failure to meet financial and Internal Revenue Service obligations; or

e. Failure to maintain a satisfactory scholastic record.

II. Disciplinary Action
Discipline of a collegiate chapter may be academic probation, membership review, Alpha Phi probation, or suspension of a chapter charter.
a. Academic Probation

1. A chapter failing to maintain a satisfactory scholarship record may be placed on academic probation by the IEB. The person or persons placing the chapter on academic probation will set the terms of probation and the degree of improvement to be met.

2. Academic probation will involve the restriction or suspension of such chapter activities that might prevent or delay a chapter from attaining the prescribed standards as rapidly as possible. Such chapter activities to be restricted or suspended will be listed specifically in writing.

b. Probation

The IEB may place a chapter on probation for cause, which may involve the suspension of certain powers of the chapter.

Procedure

1. Investigation

No chapter will be placed on probation unless and until a thorough investigation has been conducted by the Executive Director or her designee and the chapter’s CCM, CCA and the Chapter Advisor have been notified. The chapter will be provided an opportunity to be heard on its own behalf.

2. Notification

The Executive Director or her designee will immediately notify in writing the IEB, the chapter’s CCM and CCA the Chapter Advisor, and the chapter of probation status. The reasons for such action, the specified time of probation and the condition(s) to be corrected will be included in such notification.

3. Removal

Upon recommendation for removal of probationary status by the Chapter Advisor, or at the end of the specified Alpha Phi probationary period, the Executive Director or her designee will recommend to the IEB, who will consider the matter, to remove probation, extend it for another specified period or initiate charter withdrawal.

4. Outcome Notification

The Executive Director or her designee will then notify in writing the chapter’s CCM and CCA, the IEB, the Chapter Advisor and the chapter of the action taken.

5. Implementation

Implementation of disciplinary procedures relative to probation will be under the direction of the Chapter Advisor.

6. Financial

Upon recommendation of the Executive Director, or her designee, access by chapter officers and advisors to the chapter’s financial assets, including all balances held in chapter checking accounts and savings accounts, will be discontinued for a period of time, including without limitation, the entire probation period. The Executive Director, or her designee, will approve access to the
assets upon completion of probation terms or as needed to sustain chapter activity.

During the probation period, members are still expected to pay all International fees in full. In addition, members are expected to pay an appropriate amount of chapter and housing related fees, based on the duration and terms of probation, to the chapter to sustain chapter activities during the probation period. Chapters on probation should plan to budget solely on those funds received from members during the probation period and not previous funds accumulated.

No refunds will be given to members during the probation period, unless approval is given by the Chapter Advisor.

c. Membership Review

The IEB may authorize a membership review in cases where an investigation into allegations of chapter misconduct would best be served by interviewing individual members for the purpose of reviewing and determining the outcome of individual member status.

Procedure

1. The Executive Director or her designee will seek the approval of the IEB prior to conducting a membership review.

2. The Executive Director or her designee will immediately notify the IEB of the outcome following the membership review.

d. Suspension of a Charter

The charter of a collegiate chapter may be suspended by the IEB when there has been a deterioration of the chapter to the extent that it is unwilling or unable to meet its responsibilities as a chapter of Alpha Phi, when conditions or time do not justify the leniency of other disciplinary actions, or when possible charter withdrawal is being considered.

1. Loss of Power

   Unless otherwise provided by the IEB, a chapter under charter suspension will have none of the powers granted to collegiate chapters and will no longer be considered a chapter in good standing with Alpha Phi.

2. Procedure

   i. Investigation

      No charter will be suspended unless and until a thorough investigation has been conducted by the Executive Director or her designee.

   ii. Hearing

      Before a chapter is placed on charter suspension for disciplinary reasons, such a chapter may be heard on its own behalf, provided there is recognition of time by the Executive Director or her designee as a possible compelling factor.
iii. Notification

Upon the decision of the IEB to suspend the charter of a collegiate chapter, the Executive Director or her designee will provide written notification of charter suspension and the reasons for such action to the chapter, the Chapter Advisor, the chapter's CCM and CCA and any alumnae deemed necessary.

iv. Implementation

The implementation of the procedure relative to charter suspension for disciplinary reasons will be under the direction of the Executive Director.

v. Finances

Upon notification of suspension of a chapter's charter, the chapter must immediately turn over all financial instruments to the Chapter Advisor or her designee. Alpha Phi assumes no responsibility for the chapter's liabilities or debts. However, if upon completion of an investigation, Alpha Phi determines to continue the suspension, the Chapter Advisor or her designee, with the assistance of representatives from Alpha Phi, will collect all outstanding accounts receivable and pay all valid outstanding debts and financial obligations (to the extent that chapter resources are available to do so) while maintaining financial records and funds for the chapter's future return.

When a chapter's charter is suspended for disciplinary reasons, Alpha Phi is under no obligation to issue refunds to chapter members, including new and initiated members. Dues payments are considered installments and do not correspond to calendar months of services received.

If the chapter is housed in Alpha Phi owned or leased housing, all members who contracted to live in the house at the time of suspension are required to fulfill their housing obligations.

vi. Assets

Plans will be made with the Chapter Advisor to assume responsibility for all chapter assets, including ritual equipment. If the chapter is housed, arrangements will be made with the House Corporation or Chapter Property Committee.

e. Further Action

Upon recommendation of the Executive Director, the IEB will consider the matter and determine the best course of action including, without limitation, removing the charter suspension, extending it for a specified period, initiating charter withdrawal proceedings or beginning re-colonization proceedings. The Executive Director will then immediately provide written notification to the chapter, the Chapter Advisor, the chapter's CCM and CCA and any alumnae deemed appropriate.

P. WITHDRAWAL OF CHARTER

The IEB, by four-fifths (4/5) vote, will have the exclusive power to withdraw the charter.
I. Cause

The IEB may withdraw the charter of a collegiate chapter for cause or when charter withdrawal is considered by the IEB as being in the best interest of Alpha Phi.

II. Notification

Upon decision of the IEB to initiate charter withdrawal proceedings the Executive Director or her designee will provide written notification to the chapter, the Chapter Advisor, the chapter’s CCM and CCA and any alumnae and alumnae chapters deemed appropriate of charter suspension pending possible charter withdrawal.

III. Investigation

No charter of a collegiate chapter will be withdrawn unless and until a thorough investigation has been conducted by the Executive Director or her designee and an opportunity given to such a chapter to be heard on its own behalf.

IV. Suffrage Disqualification

Any member of the IEB who is an alumna member of a collegiate chapter whose charter is being considered for withdrawal by the IEB will be disqualified from voting on such action. If such condition exists, and a tie vote of the IEB occurs, the International President casts the deciding vote.

V. Voluntary Surrender

The charter of a collegiate chapter may be withdrawn on its own request with the approval of the IEB.

Q. DISESTABLISHMENT

I. Procedure

a. There is only one bullet in this category; consolidate A collegiate group that no longer exists as a chapter of Alpha Phi because of charter withdrawal will immediately:

1. Pay all financial obligations and make a final accounting to Alpha Phi;

2. Turn all remaining assets over to Alpha Phi;

3. Return the charter, all records and Ritual and other ceremonial equipment to Alpha Phi; and

4. Disclaim, in writing, the further use of any part of the name of Alpha Phi.

II. Disposition of Assets

a. If a collegiate chapter of Alpha Phi ceases to exist because of charter withdrawal or otherwise, the House Corporation and/or Chapter Property Committee holding funds and/or other property for the benefit and/or use of the chapter will, within 90 days after the closing of the collegiate chapter, transfer to Alpha Phi all funds and/or other property of the House Corporation, subject to all valid debts and obligations of the House Corporation; provided, however, that Alpha Phi may, by written notice, permit the House Corporation to retain any funds and/or other property designated in such written notice. Even if the collegiate chapter remains active, if the House Corporation is to be dissolved, liquidated, or cease to exist for any reason, all funds and/or property of the House Corporation remaining after all valid debts and obligations
have been paid or provided for will be transferred to Alpha Phi promptly in connection with such dissolution, liquidation or other process.

b. Following any transfer of funds and/or other property to Alpha Phi as referenced above, the House Corporation will promptly, upon written request by Alpha Phi take all remaining steps necessary to dissolve the House Corporation as a separate legal entity. If the appropriate representatives of the House Corporation do not complete all such action in a timely manner, the officers of Alpha Phi will have full authority to take all steps necessary to dissolve the House Corporation including, without limitation, approving a plan of dissolution and signing and filing any necessary documents.

c. If the chapter is re-colonized in the future, then a sum equal to the net value (at the time of the original transfer) of the funds and/or other property transferred to Alpha Phi (reduced by any related debts paid or expenses incurred by Alpha Phi) will be used to help cover re-colonization start-up costs, including costs related to any new Alpha Phi Chapter Facility.

d. A committee selected by, and under the direction of, the IEB or its designee will perform the functions of a House Corporation for unincorporated chapters.

R. REINSTATEMENT, RE-COLONIZATION OR REVITALIZATION

I. Reinstatement

a. A collegiate group in good standing whose charter was withdrawn because of conditions over which Alpha Phi had no control may be reinstated upon the four-fifths (4/5) approval of the IEB.

b. Other collegiate groups desiring reinstatement will proceed as for establishment of new chapters.

II. Re-colonization

The IEB, by a four-fifths vote (4/5), will have the exclusive power to determine the procedures for the re-colonization of a collegiate chapter whose charter has been suspended or withdrawn.

III. Revitalization

The IEB, by a vote (4/5), will have the power to determine the procedures for the revitalization of a chapter whose charter is in jeopardy due to low membership. In cases of revitalization, the charter may or may not be suspended or withdrawn, and all current collegiate members of the chapter being revitalized may immediately be granted alumnae status by the IEB.

A. OFFICERS

I. The officers of the IEB have all responsibilities for their officer positions established by the Constitution and Applicable Laws. In addition, such officers will perform the following duties and responsibilities:

a. International President: The International President will preside over all meetings and assume all of the usual responsibilities of International President as outlined in the Governing Documents. The International President assures the integrity of the IEB's process and represents the IEB and the Fraternity to outside parties. In connection with the duties specified in the Constitution, the International President also has direct individual responsibility to assure that the IEB complies with its own rules and Applicable Laws, and that the IEB's deliberations will be fair, open and thorough, as well as, timely, orderly and succinct. With respect to the Fraternity's participation in the NPC:

1. The International President will represent the IEB and the Fraternity at NPC and other Greek conferences;

2. The International President will participate in the NPC Presidents' Council;

3. The International President will represent the IEB and the Fraternity to other Greek and professional organizations and to university administrators; and

4. The International President may delegate this authority but remains accountable for its use.

b. Vice President: The Vice President will be elected from within the ranks of the IEB. She will perform the International President's function in the event of the International President's temporary inability to serve.

c. Secretary-Treasurer: The Secretary-Treasurer will be elected from within the ranks of the IEB and will assume all responsibilities entrusted to her by the IEB.

e. At-Large IEB Members: Two (2) At-Large IEB Members will be elected from within the ranks of the IEB and will assume all responsibilities entrusted to them by the IEB.

II. Executive Director Performance Review

The International President, Vice President and Secretary-Treasurer will be responsible for compilation of feedback from the Executive Director's annual performance review and will present a draft review for IEB approval. The officers are responsible for delivery of the annual performance review to the Executive Director. If one of the officers is not available for the delivery of the review, one of the At-Large IEB members will take her place.
III. Personnel Committee

The Personnel Committee will consist of the International President, the Vice President, the Secretary-Treasurer and the Executive Director of the Fraternity. The committee will meet at least once a year to review proposed changes to the EO Staff’s personnel policies. All significant policy changes must be approved by the IEB.

B. BOARD LEADERSHIP

IEB Commitment

The IEB is the governing and policy-making body of the Fraternity. In accordance with the Constitution the IEB has full authority and responsibility for the activities and operations of the Fraternity. The IEB, in partnership with the Executive Director, Board Committees and staff, works to ensure the continued health and growth of the Fraternity.

The IEB will lead lawfully and constitutionally with an emphasis on strategy, outward vision, collective decision-making and a proactive focus on the future.

Accordingly, the IEB has established the following guiding principles:

I. The IEB will cultivate a sense of group responsibility among its members and will be held accountable for results;

II. The IEB will direct, control, and inspire the organization through the strategic plan which reflects the Fraternity’s values and perspectives and focus on the intended long-term benefits to the Fraternity’s members and chapters;

III. Continual IEB development will include orientation of new IEB members prior to installation and periodic discussion of process improvement; and

IV. The IEB will allow no officer, individual, or committee of the IEB to hinder or excuse it from fulfilling its commitments.

C. IEB MEMBER’S CODE OF CONDUCT

The IEB commits itself and its members to ethical, businesslike and lawful conduct, including proper use of authority and appropriate decorum when serving as IEB members.

I. IEB members will have loyalty to Alpha Phi and avoid any conflict caused by loyalties to individual or groups of members, chapters, EO Staff, other organizations or any personal interest that would constitute a conflict of interest.

II. IEB members will comply with the Conflict of Interest Policy with respect to their fiduciary responsibility. When the IEB is to decide upon an issue about which a member has an unavoidable and/or unmanageable conflict, that member shall recuse herself without comment from not only the vote, but also the deliberation.

III. IEB members will not use their board position to obtain employment in the organization for themselves, family members or close associates. Should an IEB member apply for employment with the Fraternity or the Foundation, she must first resign from the IEB.

IV. Because the IEB governs as a body and no one IEB member is more important than another, IEB members may not attempt to exercise individual authority over Fraternity matters.
a. An IEB member interacting with EO Staff must recognize the lack of authority vested in her as an individual except as expressly authorized by the IEB; and

b. An IEB member interacting with the public, press or other entities must recognize her inability to speak for the IEB except to repeat publicly available IEB decisions, unless otherwise expressly authorized by the IEB.

V. Unless expressly authorized by the IEB, IEB members may not hold other key volunteer positions during their term on the IEB.

VI. At their own discretion, IEB members may hold secondary volunteer roles during their term. Examples include participating on membership teams, as international experts or on task forces and committees. IEB members serving in secondary roles must meet the following conditions:

a. The secondary role cannot interfere with the volunteer's primary role as an IEB member;

b. The IEB member will serve in the secondary role with the same level of authority as any other member of that group and will not use her position on the IEB as influence in this secondary role; and

c. There must be no conflict of interest between the IEB member’s stewardship of the Fraternity and her duties in her secondary role.

VII. IEB members will be properly prepared for deliberation.

D. BOARD COMMITTEE PRINCIPLES

Board committees will be created to assist the IEB in its work. Accordingly:

I. A committee is a Board committee if its existence and charge come from the Board regardless of whether IEB members sit on the committee;

II. The following constitutionally mandated committees will be created each biennium: Constitution Committee, COL, and FSC;

III. The IEB will ensure that its volunteers have clearly defined expectations and timeframes. They will be recognized for their contributions;

IV. Board committees may not speak or act for the IEB except when formally given such authority for specific and time-limited purposes. Expectations and authority will be carefully stated; and

V. Because the Executive Director works for the full IEB, he or she will not be required to obtain approval of a Board committee before an executive action.

E. PERMANENT ABSENCE OF THE INTERNATIONAL PRESIDENT

If the International President is unable to complete her term of service, the Vice President will temporarily serve as "Acting International President" until the IEB elects, by a majority vote, a new International President from within the ranks of the IEB.

F. FOUNDATION SUPPORT

The International President and IEB directors will make generous individual gifts, according to their personal capacity to give, to the Foundation befitting their leadership roles.
G. EXECUTIVE DIRECTOR

The Executive Director is authorized to sign legal, binding documents previously approved by the IEB on behalf of Alpha Phi. These documents include, but are not limited to, annual tax returns, contracts, loan guarantees, loan borrowing documents and other documents that may be required in the course of Alpha Phi operations. The Executive Director will notify the IEB when such documents are in process to ensure the assent of the IEB.

The primary role of the ETL is to facilitate communication within the colony teams, identify and analyze needs, challenges and opportunities, and recommend actions to be taken. The ETL will be instrumental in the resolution of issues and will work in collaboration with EO staff, colony team members and local volunteers to manage budget and coordinate resources in order to ensure Alpha Phi’s strength on the campus.
2. Responsibilities

SECTION 11: VOLUNTEER SERVICE

A. VOLUNTEERS’ VALUE TO ALPHA PHI

Alpha Phi’s sisterhood depends upon a large number of volunteers whose longstanding commitment is essential to carrying out the goals, ideals, values, and the work of Alpha Phi. Alpha Phi truly appreciates and treasures the time, dedication and love its volunteers have for Alpha Phi and recognizes the importance of open communication with volunteers in order to further develop their partnership and collaboratively improve Alpha Phi. There is also a commitment to the education of Alpha Phi volunteers in order to facilitate continued learning, growth and improvement of Alpha Phi and the quality of the alumna experience for all members.

Occasionally, Alpha Phi may sponsor events at which alcohol is served. In such situations, volunteers who consume alcohol are expected to act in a responsible manner.

The legal use of prescribed drugs is permitted during volunteer service only if it does not impair a volunteer’s ability to perform the functions necessary of the volunteer position effectively and in a safe manner that does not endanger other individuals, Alpha Phi or herself.

E. CONFLICT OF INTEREST POLICY

All volunteers must review the Conflict of Interest Policy set forth in Section 12 of Article IV and disclose all potential conflicts of interest using the form designated by the Executive Office.

F. DISCIPLINE OF A VOLUNTEER

A volunteer in violation of the Governing Documents including, without limitation, the volunteer expectations, drug-free environment or conflict of interest policies therein, is subject to disciplinary action, including membership termination, removal from her volunteer position and/or restrictions on volunteer participation by the IEB and/or its designee.

G. USE OF A PERSONAL VEHICLE

A volunteer using a personal vehicle while traveling on Alpha Phi business is responsible for maintaining minimal auto liability limits of:

I. $100,000 per person bodily injury;

SECTION 12: CONFLICT OF INTEREST POLICY

A. PHILOSOPHY

In order to promote transparency and confidence in the mission and decisions of the Fraternity, the IEB has adopted this mandatory disclosure policy to identify and manage conflicts of interest.

The actions and expressions of individuals shaping Alpha Phi policy must be as free of outside influence as possible and any relevant potentially conflicting interests or commercial relationships must be disclosed. Because Alpha Phi depends upon voluntary service by its members to further its mission and achieve its organizational goals, this disclosure policy has been designed to be realistic and workable.

B. WHO MUST DISCLOSE

Each member of the IEB, an Alpha Phi Standing Committee, and an Alpha Phi Special Committee, (collectively “Alpha Phi Governance Groups”), has the obligation to disclose all potentially conflicting interests pursuant to this policy.

C. RESPONSIBILITY OF THE INDIVIDUAL WHO DISCLOSES

Using the form designated by the EO, members of Alpha Phi Governance Groups are responsible for providing information to Alpha Phi regarding the nature of their personal interest in or relationship with any entity or individual that might affect their ability to exercise impartial judgment in fulfilling their responsibilities to Alpha Phi. Members of Alpha Phi Governance Groups are responsible for the accuracy and completeness of their information and, further, have an obligation to review and update their personal information at least semiannually (usually April and October). It is strongly recommended that members of Alpha Phi Governance Groups note any changes to their personal information as soon as possible after they occur.

D. CONSEQUENCES FOR FAILING TO DISCLOSE

A failure of a required participant to disclose any relevant potentially conflicting interests or commercial relationships will result in the participant being asked not to participate in the Alpha Phi Governance Group.

E. DISCLOSURE OF POTENTIAL CONFLICTS OF INTEREST AT ALPHA PHI GOVERNANCE MEETINGS

A list of all participants in the Alpha Phi Governance Group, along with their current disclosures, will be included in all meeting materials.

Participants in Alpha Phi Governance Groups have an obligation to indicate any potential conflicts they may have during discussions affecting their personal interests during the meeting of the Alpha Phi Governance Group. At each meeting of the Alpha Phi Governance Group, members of the group will be reminded that full disclosure must be made of any potential conflict of interest when a matter involving that interest is discussed.

The chair of the Governance Group shall also have the prerogative of requesting a participant to provide further information or an explanation if the chair identifies a potential conflict of interest regarding that participant. Based on the information provided by the participant, the chair of the Alpha Phi Governance Group may determine that the participant shall:

I. Disclose the potential conflict and continue to participate fully in the Alpha Phi Governance Group's discussions and vote (“Disclosure Option”);
II. Disclose the potential conflict, address any questions other members of the group have on the subject, then leave the room and not participate in further discussion and vote ("Recusal from Vote option"); or

III. Depart from the room until the matter has been fully discussed and acted upon. ("Recusal from Discussion and Vote option").

If one of these actions is taken, it should be reflected in the minutes of the Alpha Phi Governance Group's meeting.

F. ETHICAL RESPONSIBILITIES OF ALPHA PHI GOVERNANCE GROUPS

In addition to complying with the mandatory disclosure elements of this policy, members of Alpha Phi Governance Groups shall also adhere to the following ethical principles:

I. Participants in Alpha Phi Governance Groups shall conduct their duties with respect to potential and actual grantees, contractors, suppliers, agencies and other persons transacting or seeking to transact business with the Fraternity in a completely impartial manner, without favor or preference based upon any consideration other than the best interests of Alpha Phi.

II. Participants in Alpha Phi Governance Groups shall not seek or accept for themselves or any of their relatives from any individual or business entity that currently provides services or otherwise transacts business with Alpha Phi, or seeks to do so, any gifts, entertainment or other favors relating to their positions with Alpha Phi that exceed common courtesies consistent with ethical and generally accepted business practices. Second the committee will seek to affect public policy beneficial to the Greek system. Each member of the committee is expected to personally support the FSPAC and encourage support from Alpha Phi’s membership to the extent allowed by law. Members of the committee should further support the government relations effort by helping facilitate collegiate and alumnae involvement in advocacy events and communications to elected officials.

C. APPOINTMENT AND TERM

Early in each biennium, the IEB will appoint the chair of the committee, who will in turn recommend members of the Committee for the IEB to appoint.

A non-voting Canadian Liaison (not permitted by U.S. law to donate), may keep the organization apprised of any issues relating to policies that may affect the Greek community from Canada.
ARTICLE V: FINANCE AND INVESTMENTS

SECTION 1: FINANCIAL POLICIES

Financial planning, budgeting, asset management, loan evaluation and all other financial activities are subject to the Constitution.

A. The acceptance by Alpha Phi of a gift, bequest or other grant made by a donor for one or more charitable, scientific, literary or educational purposes will constitute an agreement by Alpha Phi to use such gift, bequest or grant for such purposes. Because the Foundation is recognized by the Internal Revenue Service as an organization described in section 501(c)(3), 2055(a)(2), and 2522(a)(2) of the Internal Revenue Code of 1986 (and corresponding provisions of any subsequent Internal Revenue law), Alpha Phi will carry out the foregoing agreement by transferring such gift, bequest or grant to the Foundation, where the gift will be accepted according to its Gift Policy.

B. Drafts or checks relating to invoices or expense in the amount of five thousand dollars ($5,000.00) or less may bear the single signature of the Executive Director, or such other persons as designated by the IEB. All other drafts or checks will be signed by two (2) signatories, including the Executive Director or such other signatories.

and royalty income set aside by resolution of the IEB annually, to be used for scholarships, student loans, loans on local chapter housing, leadership and citizenship schools and services, and similar purposes, and other educational and charitable purposes.

**C. LIFETIME DUES**

Lifetime dues will be maintained in a separate account under the guidance of the investment fund manager. In accordance with accounting policies, Alpha Phi will recognize lifetime dues payments as revenue in the year in which they are received and transfer these revenues at regular intervals to the lifetime dues investment account. Each year the lifetime dues investment account balance should be amortized according to the age-based distribution of lifetime dues paying alumnae, and that amount transferred to Alpha Phi’s operating account. The remaining balance may only be expended as authorized by the IEB, subject to any restrictions set forth in the *Constitution*. Lifetime dues will be invested in accordance with investment policies and guidelines established by the IEB.

**SECTION 5: INVESTMENT POLICY**

All investment actions will be made with an understanding of the nature of Alpha Phi’s goals and objectives as expressed herein or as otherwise set forth in writing from time to time by the IEB with assistance from the FSC.

**A. OBJECTIVES**

I. The primary objective of Alpha Phi’s lifetime dues account is to provide growth of capital, through appreciation and/or generation of income (i.e. interest and dividend payments from securities in the portfolio) with moderate short-term volatility of the account’s market value. In addition, the overall investment direction is to maximize the growth or return of the portfolio, consistent with the notion of safety achieved through diversification and the selection of high quality securities. Care should be exercised to protect the portfolio against the corrosive effect of inflation and to provide Alpha Phi with funds during a disaster or other times of need.

II. The primary objective of Alpha Phi’s Investment Account is to preserve the long term, real purchasing power of assets while providing a relatively predictable stream of distributions to support Alpha Phi’s programs. The Investment Account shall be invested with a prudent level of risk and diversification to provide funding for present and anticipated obligations of the Fraternity. The IEB, through the Executive Director or her designee, will, at a minimum of once per calendar quarter, provide to the investment manager, an updated estimate of cash requirements for the next eighteen to thirty-six (18 to 36) months. The IEB recognizes that increased cash withdrawal requirements may have a significant effect on the asset mix of the investment account. The target allocation table for the investment account has broad ranges to accommodate changing needs.

III. Alpha Phi recognizes that the cash demands for allowable programs, approved by the IEB, could exceed any reasonable expected growth of the Investment Account portfolio, making it necessary to use the core of the portfolio to support the allowable programs. Market volatility and risk become paramount concerns, and the balance of the portfolio may decline over time. In such cases, the objective of the portfolio is to meet cash flow requirements approved by the IEB and reviewed by the FSC.

**B. RESPONSIBILITY**

The Executive Director, or her designee, will have responsibility for the execution of this policy to include monitoring of the investment manager’s activities on an on-going basis. The execution of this policy can include giving the investment manager specific instructions regarding each portfolio, where the instructions are consistent with the various elements of this policy.

---

Article V: Finance and Investments 65
The IEB will meet with the investment manager at least annually to review the status of the portfolio and achievement of its objectives. At least one (1) meeting per biennium will be in person. Investment managers must promptly provide to the IEB information about changes in the manager’s investment philosophy, management, and key personnel in a timely fashion, which is not to exceed one (1) month after the change. Investment managers are required to give the IEB and any consultant or EO Staff delegated by the IEB a quarterly portfolio review detailing investment performance (time-weighted), target asset allocation and portfolio value.

C. ASSET MIX

I. Asset mix is the primary determinant of Alpha Phi’s portfolio performance. Asset mix may be changed from time to time by the IEB based on the economic and security market outlook as well as cash withdrawal requirements. The primary drivers behind the asset mix include the following:

a. A balanced diversification between equity (including equities in the global and alternative classes defined below) and fixed income investments; and

b. Careful control of the risk level within each asset class through avoidance of over concentration and by not taking extreme positions against market averages.

II. In establishing asset mix recognition of the role of various classes of investments will be considered. These include:

a. The dual purpose of fixed income investments is to provide a dependable and predictable source of income and to moderate the inherent volatility of the common stocks investments (noting that during periods when interest rates are low, fixed income investments may provide little to no income, but can still moderate volatility);

b. Equity investments provide both current income and growth of income but their principal purpose is to provide appreciation of the portfolio; and

c. Cash equivalent short-term investments provide current income but their principal purpose is to store purchasing power to fund longer-term investments.

III. For the purposes of this policy, asset classes will be defined as below:

a. Equities: common stocks and securities convertible into common stock issued by domestic corporations; may include Exchange Traded Funds (ETFs);

b. Traditional Mutual Funds: any mutual or index fund or ETF formed to invest in common stocks or their equivalents. Mutual funds should be well diversified by number of issues held and economic sector exposure. Funds may reflect concentration in one or more factors such as large, mid, small cap, value or growth;

c. Global Funds: diversified mutual funds or ETF that focus on emerging markets or, foreign developed markets. Global funds should be traded on domestic exchanges. They should also be well diversified by number of issues held, economic sector exposure and country of origin;

d. Alternatives: diversified index mutual funds or ETF holding Real Estate Investment Trusts (REIT) domiciled and operating in the U.S.; mutual funds holding Master Limited Partnerships (MLP) minimally exposed to commodity prices domiciled in the U.S.; commodity funds or other diversified mutual fund or ETF that can improve diversification while meeting all other criteria in this policy;

e. Fixed Income: bonds and notes issued by and/or backed by the full faith and credit of the United States government and its agencies; bonds and notes of indebtedness
f. Cash and Equivalents: bills and other short-term obligations of the United States government and its agencies; interest bearing bank deposits; and any mutual or index fund formed to invest in money market investments with a goal of a stable net asset value.

IV. To pursue the foregoing return objectives at an acceptable risk level, the asset allocation will be within the assigned ranges:

a. For the Lifetime Dues Account:

The assigned ranges for the Investment Account are net of allocations to reserves established to support anticipated near-term withdrawals (e.g., setting aside enough cash to support withdrawals expected within the next six months).

It will be the function of the investment manager, in coordination with the Executive Director, to allocate Alpha Phi’s assets within the above-stated guidelines. This should be based upon the relative attractiveness of each asset class, as well as Alpha Phi’s income needs over time.

V. Given the volatility of the capital markets strategic adjustments in various asset classes may be required to rebalance asset allocation back to its policy targets. Such adjustments should be executed so as to minimize excessive turnover and transaction costs.

D. GUIDELINES AND CONSTRAINTS

Investment guidelines and restrictions include the following and will be strictly adhered to unless waived by the IEB:

III. No transaction shall jeopardize the tax-exempt status of the Fraternity.

I. On a quarterly basis the Executive Director will monitor the performance of the portfolio and the investment manager(s) with regards to this policy statement by:

In addition, the NHC’s Bylaws, and any amendments thereto, are subject to the approval of the IEB as further set forth therein.

B. FINANCING OF ALPHA PHI CHAPTER FACILITIES

Alpha Phi may grant secured mortgage loans and/or unsecured loans to House Corporations in accordance with the financial policies described herein. Alpha Phi may also provide help and guidance in budgeting, financial management and long-range planning to House Corporations as needed. For purposes of this Section 7, the NHC will be subject to the same requirements as a House Corporation for seeking an Alpha Phi Loan.

C. HOUSE CORPORATIONS AND LOAN DOCUMENTS

The following documents are to be reviewed at the beginning of each biennium by the Director of Finance in consultation with the Executive Director to ensure that all language and terms are consistent with Alpha Phi’s Governing Documents:

II. Loan Application Form;

III. Promissory/Demand Note Form; and

IV. Current House Corporation Articles of Incorporation and Bylaws.

III. Once the above conditions have been met, the House Corporation may request a loan application. The Executive Director or her designee will review the application and present a recommendation to the FSC. The FSC will then review the staff recommendation and provide its recommendation to the IEB. The IEB will then review the recommendations of the Executive Director or her designee and the FSC and any other documentation it deems relevant and determine whether to approve or deny such loan application. SECTION 8: COLLEGIATE HOUSE BOND REQUIREMENTS

A. PURPOSE OF CHAPTER BOND
Every initiated member of every collegiate chapter of Alpha Phi (whether housed or unhoused) will be required to pay a one-time (1) collegiate chapter bond fee. This fee will be used only for major facility improvements to an Alpha Phi Chapter Facility, the reduction of long-term debt or other long-term facility related needs. It will not be used to fund general operating expenses for the chapter or the Alpha Phi Chapter Facility.

B. REQUIREMENTS

C. GUIDELINES FOR ESTABLISHING CHAPTER BOND AMOUNTS

The amount of the chapter bond fee will be determined by the House Corporation Board or Chapter Property Committee, as applicable, taking into account the following considerations:

I. Chapter-Specific Considerations

   In calculating the appropriate chapter bond amount the House Corporation Board or Chapter Property Committee will first gather and evaluate the following chapter-specific data:

   a. Similar fees of other groups on campus;
   b. Short and long-term plans for the chapter and campus;
   c. Special needs, age, and condition of Alpha Phi Chapter Facility; and
   d. All other relevant factors specific to Alpha Phi Chapter Facility, or the campus.

II. Alpha Phi Considerations

   Taking into account the chapter-specific considerations set forth in Subsection i above, the House Corporation or Chapter Property Committee will charge a chapter bond that is similar to the chapter bond charged by other similarly-situated collegiate chapters of Alpha Phi. Suggested chapter bond amounts for chapters with certain common
characteristics are set forth in the following table. Each chapter will charge at least the minimum chapter bond amount set forth in the chart for a chapter with its characteristics unless special permission has been granted by the Executive Director or her designee. If a chapter exhibits characteristics that fall within different chapter bond levels in the chart, then the highest bond level will be used.

B. All grant requests will be prepared by the EO Staff and submitted to the IEB, which will then review such grant request and determine whether to approve submission of a grant application to the Foundation. If the grant request is approved by the IEB, a formal motion will appear in the IEB minutes.

C. The program or event subject to a Foundation grant application should not be executed until the grant is approved by the Foundation or unless the event would otherwise be funded by Alpha Phi without grant approval.

D. Alpha Phi will comply with all Foundation grant reporting requirements.

As representatives of Alpha Phi, all Whistleblower Parties must practice honesty and integrity in fulfilling their responsibilities and must comply with all Applicable Laws.

The purpose of this Whistleblower Policy is to create an ethical and open work environment, to ensure that Alpha Phi has a governance and accountability structure that supports its mission, and to encourage and enable all Whistleblower Parties to raise serious concerns about the occurrence of illegal or unethical actions within Alpha Phi before turning to outside parties for resolution.

Notwithstanding anything contained in this Whistleblower Policy to the contrary, this Whistleblower Policy is not an employment contract and does not modify the relationship between Alpha Phi and any of the Whistleblower Parties, nor does it change the fact that all employees of Alpha Phi are employees at will. Nothing contained in this Whistleblower Policy provides any Whistleblower Party with any additional rights or causes of action not otherwise available under Applicable Law.

A. Reporting Responsibility

All directors, officers, employees and volunteers of Alpha Phi have a responsibility to report any action or suspected action taken within Alpha Phi that is illegal, unethical or materially violates the Constitution and/or any adopted policy of Alpha Phi (“Violations”). Indeed, corporate officers

Anyone reporting a Violation must act in good faith, without malice to Alpha Phi or any individual in the Fraternity and have reasonable grounds for believing that the information shared in the report indicates that a Violation has occurred. A person who makes a report does not have to prove that a Violation has occurred. However, any report which the reporter has made maliciously or any report which the reporter has good reason to believe is false will be viewed as a serious disciplinary offense.

B. No Retaliation

No one who, in good faith, reports a Violation or who, in good faith, cooperates in the investigation of a Violation shall suffer harassment, retaliation or adverse employment consequences. Any individual within the Fraternity who retaliates against another individual who has reported a Violation, in good faith, or who, in good faith, has cooperated in the investigation of a Violation, is subject to discipline, including termination of employment or loss of volunteer status.

If any individual believes that a Whistleblower Party who has made a good faith report of a Violation or who has, in good faith, cooperated in the investigation of a Violation, is suffering harassment, retaliation or adverse employment consequences, please contact the Interim Executive Director of Alpha Phi, Linda Schnetzer (the “Compliance Manager”).

C. Reporting Process

All Whistleblower Parties should address their concerns relating to a Violation to any person within the Fraternity who can properly address those concerns. In most cases, the direct supervisor of an employee or volunteer is the person best suited to address a concern. However, if any Whistleblower Party is not comfortable speaking with her supervisor or is not satisfied with her supervisor's response, they are encouraged to speak to the Compliance Manager, to the IEB Secretary/Treasurer or to any corporate officer they feel comfortable approaching.

A corporate officer who believes that there has been an actual or probably material violation of the law, or any material breach of a duty owed to Alpha Phi, must report the violation to a superior officer, to the IEB Secretary/Treasurer, or the Compliance Manager. However, if the person to whom she would normally report is implicated in a violation, the officer should report directly to the IEB.

Alpha Phi encourages anyone reporting a Violation to identify himself or herself when making a report in order to facilitate the investigation of the Violation. However, reports addressed to an individual within the Fraternity may be submitted on a confidential basis and reports may be submitted to the Compliance Manager anonymously by web form submission. Reports will be kept confidential, to the extent possible, consistent with the need to conduct an adequate investigation.

D. Compliance Manager

A supervisor, manager and board member is required to notify the Compliance Manager of every report of a Violation. The Compliance Manager will notify the sender and acknowledge receipt of a report of Violation within seven business days, but only to the extent the sender's identity is disclosed or a return address is provided.

The Compliance Manager is responsible for promptly investigating all reported Violations and for causing appropriate corrective action to be taken if warranted by the investigation.
The FSC is responsible for addressing all reported concerns or complaints of Violations relating to corporate accounting practices, internal controls or auditing. Therefore, the Compliance Manager must immediately notify the committee of any such concern or complaint.

The Compliance Manager has direct access to communicate with the IEB for purposes of implementing this policy and is required to report to the Board at least quarterly about whether the Compliance Manager has received any reports under this policy.
